and NSD File No. L-00-72.

Dear FCC:

the cost of telephone service in this country is so high we can no longer afford
to have a phone and then tracfone came along and suddenly its affordable without
paying extra monthly fees and you want to raise it. come on, leave it alone, let
the low income people be able to still afford to use the darn telephone..
Marilyn..

Thank you for your prompt attention to this matter. Please provide a written
response indicating the status/resolution of this matter.

Very truly yours,

marilyn
